EDUCATION

Bachelor in Information Technology **Sep 2023 - Present**
Coimbatore Institute of Technology, Coimbatore, Tamil Nadu • **8. 52 CGPA**

HSC-State Board
Swamy Vivekanandar Matriculation Higher Secondary School • **97.6 Percentage** **Jun 2022 – May 2023**

PROJECTS

Employee Attrition Prediction Portal | 2025
- Created a machine learning–based web application using Python, Flask, and ML algorithms to predict employee attrition probability based on job and personal attributes through an interactive dashboard.

RateMyRoutine **| 2025**
- Created a smart productivity web app using Next.js, Node.js, and MongoDB that analyzes users' daily routines, gives productivity scores, and offers personalized AI-based recommendations through an intuitive dashboard.

Smart Car Obstacle Detection and Automation | 2025
- Designed an ESP32-based autonomous car with ultrasonic sensors for real-time obstacle detection, automatic braking, and dual control modes for smart navigation.

SKILLS

Programming Languages: Java, Python
Database: MySQL, MongoDB
Technical Skills: DSA, DBMS, OOPS
Languages: English, Tamil, Telugu

ACHIEVEMENTS AND ACTIVITIES

NPTEL | 2025
- Completed the NPTEL Ethical Hacking course with 64%, gaining practical knowledge in cybersecurity, ethical hacking concepts, and basic penetration testing skills.

APTIQUEST | 2025
- Secured 1st place in **APTIQUEST 2K25**, an aptitude-based event, showcasing strong problem-solving and teamwork skills.

SPARKATHON | 2025
- Participated in SPARKATHON, an inter-college startup ideathon focused on developing innovative ideas.

Coding Season 3 | 2024
- Completed a 7-week Coding Season 3 on Data Structures using C, enhancing problem-solving and coding skills.

Environmentalist Foundation of India (E.F.I) | 2024
- Volunteered in the Forestree activity at Sowbhagya Nagar, Coimbatore, contributing to environmental conservation and community tree-planting efforts.
